Spring 2017, Gasson 201

Instructor: Professor Michael D. Grubb

Office: 341 Maloney Hall

Office Hours: Friday 1-2pm and by appointment.

Email: <u>michael.grubb@bc.edu</u>

TA: Vera Sharunova Email: sharunov@bc.edu

<u>Course Description</u>: We study the behavior of firms and the structure of industries, applying game theory to understand the strategic interaction of firms when the assumptions of perfect competition break down. The course combines theoretical micro-economic analyses with studies of actual firm behavior in individual industries. Topics include pricing, game theory, collusion, entry deterrence, outsourcing, auctions, and adverse selection. The course will incorporate insights from developments in behavioral economics and consider regulation for consumer protection.

Prerequisites

<u>Professional Standards</u>: Please be on time and no parallel processing (no laptops, cellphones, tablets..).
